Remedy Refinery is proud to be processing medical marijuana in Oklahoma since 2018. We have a passion for hashin and want to help growers expand their offering by converting cannabis into highly potent hash concentrates. We are eager to discuss your desires and can recommend processes that are best suited for your needs and material. We are pleased to offer growers options for converting your sugar trim, bud, and fresh frozen whole plan cannabis into wax, budder, sugar, and badders.

Toll Services: You grow it, we partner to process and transform it to concentrates to highlight your hard work and efforts

Processing Costs: (bulk can only return to processor license, dispensary license requires breakdown)

Cured Product: \$7/per gram for bulk.

Live Resin: \$9/per gram for bulk

Testing: Testing costs are determined based on the scope of the project and # of products desired.

Product needs to be clear on testing before we release, unless agreed to ahead of time.

Cost to test (1) concentrate: Express Toxicology (at least 6 grams and \$325.00)

Bulk: Product is not individually packaged, but delivered in a bulk format (requires a processor license), if packaging is required, packaging costs are extra.

Splits: If your product meets our standards, at our discretion we may offer a split of the finished product instead of you paying us cash for the process, please understand we will not know outcome until product and testing are complete.

Packaging options/costs (Required for dispensary license returns)

1. Packaging into Remedy packaging, includes 1g portions child resistant jars, and packaged into boxes using compliant dual brand labeling for - \$1.25/per gram
2. Upgrading your box to a personalized box; YOU DESIGN THE BOX AND PROVIDE ARTWORK add \$1.00/box to existing packaging charge. If you need our assistance on box design, we can provide a quote for this work. Proofing process takes around 2 weeks, minimum box order is 500 pieces so plan accordingly, you are required to order at least minimum on orders. This option can impact delivery based on proofing turnaround.
